# BTX UNIFIED COMMUNICATIONS PACKAGES 2020

Intel's NUC, or **Next Unit of Computing**, is a powerful mini PC with customizable features to enhance your computing experience. BTX UCP (Unified Communications Package) NUCs are designed and configured to get you up and running quickly and easily.

BTX UCP NUCs are pre-loaded with **Windows 10 Pro**, **Zoom** and **Microsoft Teams** clients, and include a keyboard and mouse plus a 6 ft. HDMI monitor cable. Unbox and quickly deploy for Single, Dual or Triple screen applications. Select UCPs include the award-winning **Huddly IQ** camera featuring a sensational 150° field of view and Genius Framing. Camera wall mounts and alternate cable lengths are available. Displays not included.
