

Meet Stem Ceiling

Whether you want to keep your audio out of sight or show it off, Stem Ceiling's innovative design gives you the option to discreetly flush mount the device to a ceiling tile or tie it into the design of the room with chandelier mode. With 100 microphones and three array options (wide, medium, and narrow), Ceiling focuses on who's speaking and allows you to focus on your meeting, all while keeping the technology out of sight. Need more coverage? Mix and match all Stem devices until your room's completely covered.

Features

- Dual mounting options: Flush mounted with ceiling tile included, or hung in chandelier mode
- 100 microphone array
- Alexa enabled
- LED lights highlight voice direction indication
- 3 beam options: Wide, Medium, or Narrow
- Power over Ethernet (PoE)
- Compatible with all video conferencing platforms
- Stem's deep learning in neural networks improve echo-canceling, de-reverb, and noise cancellation algorithms
